CIRCLES

We started with a blank porcelain panel and then developed a selection of artistic renderings that comprise the Bespoke collection. These are all produced on 5mm porcelain ceramic panels @ 39" wide x 118" long. Simple and timeless the circles roll into each other in dramatic fashion changing at the mid point into another color, it is a play on the ever changing kaleidoscope concept and the half circles almost collide and works superbly on a large scale.
