FLUID

The Fluid collection stems from the idea of bringing colour to life through a graphic representation of chromatic flows.

Fluid is a creative explosion that expands to create a highly contemporary effect with a powerful visual impact. The colours mingle and come alive, forming constantly changing 'pigment flows' on the tile that break conventional boundaries to offer endless potential.

This porcelain stoneware collection comes in an 18.6x18.6cm format, consisting of 8 carefully selected solid colours that together create a trend-driven colour palette and 7 highly decorative patterns.

These seven distinctively seductive and mouth-watering flows include: mixology, matcha tea, black coffee, honey syrup, cappuccino blue, berries licious and choco moka.

Fluid's careful combination of originality and elegance ensures the collection suits both commercial and residential contexts. The Fluid and Colors collections are designed to be mixed and matched to form a perfect floor-wall covering combination: FLUID|COLORS.

Monocromatico/Texture
Monochromatic/Texture

La collezione Fluid nasce dall'idea di dare vita al colore attraverso la rappresentazione grafica della colatura. Fluid è un'esplosione creativa capace di espandersi, originando un effetto contemporaneo dal grande impatto visivo.

I colori si mescolano e si animano formando sulla ceramica "colate di pigmento" sempre diverse che rompono gli argini della consuetudine per diventare pura potenzialità.

La collezione in gres porcellanato, disponibile nel formato 18,6x18,6cm, è composta da 8 tinte unite, accuratamente selezionate che compongono una palette colori di tendenza, e, animandosi, formano 7 decori dall'effetto fortemente decorativo.

Sette "fluidi" in cui il colore è seducente e goloso: mixology, matcha tea, black coffee, honey syrup, blu cappuccino, berries licious, choco moka. Questo giusto mix di originalità ed eleganza permette alla collezione Fluid di essere inserita sia in contesti commerciali che residenziali. Le collezioni Fluid e Colors sono state create per essere abbinare insieme formando un perfect match pavimento|rivestimento: FLUID|COLORS.

FLUID

La collection Fluid est née de l'idée de donner vie à la couleur à travers la représentation graphique du coulage. Fluid est une explosion créative capable de s'étendre, créant un effet contemporain avec un grand impact visuel.

Les couleurs se mélangent et prennent vie, formant sur la céramique des « flux pigmentaires » toujours changeants qui brisent les limites de l'usage pour devenir un pur potentiel.

La collection en grès cérame, disponible au format 18,6x18,6 cm, est composée de 8 couleurs unies soigneusement sélectionnées, qui

composent une palette de couleurs tendance et, s'animant, forment 7 patterns à effet très décoratif.

Sept "fluids" dont la couleur est séduisante et délicieuse: mixology, matcha tea, black coffee, honey syrup, blu cappuccino, berries licious, choco moka. Ce mélange d'originalité et d'élégance permet à la collection Fluid de s'insérer aussi bien dans des contextes commerciaux que résidentiels.

Les collections Fluid et Colors ont été créées pour être combinées pour former des mélanges parfaits de sol|revêtement: FLUID|COLORS.
