LA MORBIDEZZA DELLA FORMA

Trapunta è una linea pensata per dare dinamismo e profondità plastica alle pareti. L'incidenza della luce mette infatti in evidenza il caratteristico effetto tridimensionale delle piastrelle. Trapunta è prodotta in smalto lucido, nei formati cm 15x15 e 7,5x15 in superficie bombata e plain. La gamma è composta da 22 colori, decori e pezzi speciali e per questo è molto amata dagli interior decorator.

THE SOFTNESS OF THE SHAPE

Trapunta collection was conceived to give walls depth and dynamism. The reflection of the light underline the three-dimensional effect of the tiles. Trapunta is made with glossy glazes in cm 15x15 - 6"x6" and 7,5x15-3"x6", in pillowed and plain surface. The collection is composed by 22 colors, decors and special pieces and is therefore very appreciated by interior decorators.
